Safety Information

IMPORTANT SAFETY INSTRUCTIONS

When using electrical products, basic precautions should always be followed, including the following:

- a. **READ AND FOLLOW ALL SAFETY INSTRUCTIONS.**
- b. Do not use seasonal products outdoors unless marked suitable for indoor and outdoor use. When products are used in outdoor applications, connect the product to a Ground Fault Circuit Interrupting (GFCI) outlet. If one is not provided, contact a qualified electrician for proper installation.
- c. This seasonal product is not intended for permanent installation or use.
- d. Do not mount or place the product near gas or electric heaters, fireplaces, candles, or other similar sources of heat.
- e. Do not secure the wiring of the product with staples or nails, or place on sharp hooks or nails.
- f. Do not let lamps rest on the supply cord or on any wire.
- g. Unplug the product when leaving the house, when retiring for the night, or if left unattended.
- h. This is an electric product and not a toy! To avoid risk of fire, burns, personal injury and electric shock it should not be played with or placed where small children can reach it.
- i. Do not use this product for other than its intended use.
- j. Do not hang ornaments or other objects from cord, wire, or light string.
- k. Do not close doors or windows on the product or extensions cords as this may damage the wire insulation.
- l. Do not cover the product with cloth, paper, or any material that is not a part of the product when in use.
- m. The lamps of this product are not replaceable. Do not attempt to change or modify the lamps.
- n. Read and follow all instructions that are on the product or provide with the product.

o. SAVE THESE INSTRUCTIONS

Pre-Assembly

Package Contents

Part	Description	Quantity
A	Tree top	1
B	Tree center, tag 2	1
C	Tree bottom, tag 1	1
D	Tree stand	1

Assembly

Assembling the tree stand

- Step 1.** Choose a location near a wall outlet.
- Step 2.** Unfold the legs of the tree stand (D) and lay the stand on the floor.
- Step 3.** Slide the locking disk of the tree stand (D) down until it snaps into place.

Assembling the tree

- Step 1.** Remove the protective caps from the tree bottom (C) and insert the pole into the tree stand (D).
- Step 2.** Remove the protective caps from the tree center (B) and insert the pole into the tree bottom (C).
- Step 3.** Insert the tree top (A) into the tree center (B).
- Step 4.** Shape the branches to your preference by working from the bottom to the top. When adjusting branches, ensure that all wires are free of branch hinges.
- Step 5.** Connect the light strings as per the color labels indicated and insert the adapter into the wall outlet. All your lights should now be lit.
- Step 6.** Shape the tree from the bottom to the top. Start with the branches farthest from the pole – fan out in a star shape, and continue until the entire tree is shaped.

- Step 7.** When finished shaping the branches, slightly upswEEP all branch tips for a uniform look.

Operation

Turning on the tree

NOTE: If some bulbs do not light or flicker, search for any loose plugs and/or provided in order to maintain the performance and life expectancy of your tree.

Connect the light strings of the tree together and plug the adapter into a wall outlet.

Maintenance

Spare parts

If extra parts are needed, contact the Customer Service Team at 1-877-527-0313 between the hours of 8 am and 5 pm EST, Monday through Friday.

Care and Cleaning

- Step 1.** Remove all ornaments and decorations.
- Step 2.** Unplug the cord from the wall and then unplug each section of the tree.
- Step 3.** Gently lift the tree top straight up to remove from the center section and fold all branches towards the pole.
- Step 4.** Repeat this step for the bottom tree section.
- Step 5.** Carefully place all tree sections into a shipping box and tape it shut.
- Step 6.** Store your tree in a cool, dry place away from sunlight.

User servicing instructions

HOW TO USE THE DUAL COLOR LIGHT CONTROLLER:

Press the selector button on the "Light Controller"

- (1) SLOW FADING
- (2) TWINKLE
- (3) FAST FADING
- (4) COMBINATION
- (5) STEADY ON

Tree Comes with Demo Mode Not Activated

To activate the DEMO mode:

1. With the tree plugged in, press and hold the FUNCTION button of the in-line controller/receiver for **5 seconds**.
2. The Clear Lights will blink 3 times. The tree is now in DEMO mode.
3. Within DEMO mode, the tree will display the COMBO pattern at all time unless the function button is pressed to change the flashing pattern. The tree will return to COMBO pattern whenever the controller is idle for 30 seconds.

To deactivate the DEMO mode:

1. With the tree plugged in and in DEMO mode, press and hold the FUNCTION button of the in-line controller/receiver for **5 seconds**.
2. The multi-light will flash 5 time indicating that DEMO mode is off (Clear lights will flash 5 times with single color LED trees).
3. The tree is now in normal mode. Flashing pattern can be set to whichever desired and the tree will remember the last setting.

*Controller

*IN-LINE CONTROLLER/RECEIVER

CAUTION: Use only power adapter that was provided with this product. Using a different power adapter will damage the lights and cause fire, electrical shock hazard.

Troubleshooting

Problem	Solution
The tree does not light	Ensure that all tree sections are plugged into each other and that the tree is plugged into the wall.
